

THE STORY

Jack, Jerry, James, Joan and Jenni worked at a restaurant waiting on tables. One day, each one had a single customer at a single table. The tables were numbered from one to five. Each customer ordered a different kind of soup, a different type of salad dressing, and a sandwich with a different type of filling. Based on the clues, match the table numbers with the person who waited on that table, and the types of soup, salad and sandwiches that were ordered.

THE CLUES

1. Jack and Jerry served tomato soup and onion soup to the salami and liverwurst sandwich eaters.
2. James did not wait on tables 1 or 2, and he served his table clam chowder, Italian dressing and turkey.
3. Joan and Jenni did not wait on tables 3, 4 or 5, and Jerry did not serve tomato soup.
4. Joan and Jenni served their customers either a sardine or a chicken sandwich.
5. Tables 4 and 5 did not eat turkey, and tables 1 and 2 ate either garlic or ranch dressing on their salads.
6. Jerry's table number was higher than Jack's, and Joan's was higher than Jenni's.
7. Table 1 did not order ranch dressing or sardines, and table 4 did not order 1000 island dressing or salami.
8. Table 1 did not have mushroom soup.

THE STORY

Five water birds landed in a pond separately. The birds were named Fred, Floyd, Phil, Ferris and Frank. They were a mallard duck, a pintail duck, a wood duck, a swan and a goose. All of the birds had been hatched and raised on different lakes. They were born on Mud Lake, Rice Lake, Fish Lake, Clear Lake and Blue Lake. They were all traveling to different places. They were going to Texas, Florida, Mexico, Brazil and Panama. Based on the clues, match their landing order with their names, their bird types, where they were hatched and their destinations.

THE CLUES

1. Fred landed just behind Floyd, Ferris landed just behind Fred, Floyd landed just after Phil, and Ferris landed in front of Frank.
2. None of the first three birds to land were either a swan or a goose, and none of the first three birds to land were hatched on either Mud Lake or Rice Lake.
3. The swan was not hatched on Mud Lake and was flying to Texas, and the goose was flying to Panama.
4. The wood duck was not hatched on either Fish Lake or Clear Lake and was not flying to Mexico.
5. The pintail duck was not hatched on Clear Lake and was flying to Brazil.
6. The mallard landed just in front of the pintail duck, and the wood duck landed just in front of the swan.
